

Everything from A to Z

Summer months celebrate all things American—Independence Day, fireworks, picnics, family, cookouts, and more. The phrase, “As American as mom and apple pie” is often heard in the summer. We’ve got lots of great ideas for celebrating America’s independence in style!

Our baseball cards sets range from 1986 to 1993. Mostly Topps brand, there is also a Fleer set with a Sammy Sosa rookie, who just hit his 600th home run recently. We also carry the 1987 Topps set with the Barry Bonds rookie, who will most likely pass Hank Aaron this year. These cards were from our childhood, when each year for Christmas we could look forward to the year’s baseball card set. More recent years’ sets are SEALED.

In our Sporting Goods category, we have items for your outdoor summer fun. Items include a bike helmet, a backpack cooler, and lots of fishing, hunting, and marine gear. If you aren’t the athletic type but prefer to collect sports-related items, check out our Sports Collectibles category. There you will find our Olympic plates, as well as Rem-

ington and Zebco items. We also have more than 100 NASCAR diecast model cars available.

Finally, we have many diecast model cars representing American manufacturers in our Toys: 1:18 category. You’ll find Pontiacs, Mercurys, Fords, and Chrysler models. 99% of our diecast models come with their original box and paperwork, if any is available. Some have been displayed, but others are mint in the box.

Check out our items and celebrate, summer fun American-style!
